A free, evergreen printable guide that helps families organize thoughtful questions before they tour or contact a local preschool or VPK provider.

1 Begin with a calm plan

Use the guide to prepare for a preschool or VPK conversation, observe the daily environment, and compare the answers with your child's needs.

A helpful reminder. You know your child best. The goal is not to find a perfect script—it is to notice whether the program's current routines and communication fit your family.
